SKFF Inc. 5 Years Documented Experience - Case Studies of Awarded Contracts

London Borough of Hounslow:

May 2009, Hounslow Integrated Youth Support Service (HIYSS) commissioned SKFF UK to deliver the Level 1 Parents with Prospects parenting program, the project ran successfully engaging a group of 14 teenage parents aged between 17 to 24, 12 parents achieved the accredited qualification that encouraged them to enter back into education or pursue education opportunities at West Thames college. For this project, SKFF UK worked in partnership with West Thames College who offered an onsite crèche facility, in order to attract teenage parents to the college site and re-engage young teenage parents into further education studies.

London Borough of Ealing:

This Level 1 Parents with Prospects project engaged a group of 10 teenage parents, aged 16-20, helping them gain the necessary skills, knowledge and training to become better parents and enter back into education. The project ran successfully in conjunction with London Borough of Ealing professional staff and other support agencies/services i.e. Grange Baptist Church and Northolt Grange Hostel, West London WMCA, Dieticians, Health Visiting Team and a private day-care provider who offered an onsite crèche facility. UK accessed government funds to cover the cost of the childcare provision through a Care to Learn scheme (government funding available for teenage parents aged 16-19+)

London Borough of Hackney:

The parenting course delivered by SKFF UK in the London Borough of Hackney was part of a 14-week-long project supported by Hackney Young Family Support Services (HYFSS). The project incorporated the Strengthening Family and Strengthening Communities program with the Parents with Prospect accredited qualifications. Overall the project provided an output of 7 teenage parents achieving an accredited qualification in parenting and completed the Strengthening Families and Strengthening Communities program. Documented evaluations/feedback from participants showed that the course encouraged them to enter into education, increased their confidence and enhanced their parenting skills. Throughout the project, SKFF UK worked in partnership with Hackney Primary Care Trust (funders), Connexions (Youth Support Service) and Hackney Council professionals.

The Career and Independence program was a bespoke pilot project, developed by SKFF UK. The program delivered a taster course in care (Health and Social Care/Childcare) with key consultants, for unemployed/low income beneficiaries seeking to set up their own business or self-employed opportunities. The project was funded by various sources such as Luton & Bedfordshire Chamber Business, European Social Fund and the East of England Development Agency in a partnership to help boost childcare and job-training provision within the area.
